The Autoethosis Ritual

The Autoethosis Ritual

It is common knowledge to those following the Sinister Dialect that intelligence is one of the most important factors to developing the Sinister Architect. After all, how can one achieve their cold, dark temptations for the world, to abuse and destroy others, without the calculating aspect of the mind?

This is why those on the Dark Path must read, study and challenge their mind. Annihilation of stagnation and uselessness, or inadequacy is key to the promised land. Evolution towards a better, superior, optimal, perfect and unlimited dark, horrible, terrifying and absolutely, completely evil sinister race of Beings can only be reached through the intelligent and adequate application of one's own mind. The studying of Acausal Hauntings is one traditional way to create higher malevolent dialect within the individual, which has been practiced for quite some time by the Tempel to much success.

Obtaining a higher level of intelligence is hard, however, for the Mundane. Their brains are unevolved; pathetic and lowly, as most of their fodder species is, so they are unable to even increase their IQ beyond certain levels based on their genetics and potential. For those of us that wish to escape the subhumanity, this is much unfortunate.

However.

There exists a ritual that the occulted members of the Tempel ov Bernkastel have had access to for quite some time, which has now been publicized for mass usage. The ritual summons multiple Inaccessible Cardinals and Dark Gods to increase, instantly, the levels of intelligence and sinister power within the mnd. Effects are permanent and ever-lasting through the Blood Typhoon of the Tempel.

This ritual is ideally enhanced by using a Scarlet or White Tetrahedron. Otherwise, a Black Tetrahedron can be a substitute if it is held in the inverted position.

Begin the ritual by chanting the following in a dimly lit, or ideally completely dark room, with nothing but candle-light as source if light is chosen.

AVE KAEHOKO! AVE DAAFENRIL! AVE BAAELITHU! AGIOS O NEMICU! AGIOS O BERNKASTEL! AGIOS O ATAZOTH!

Chant thirty times. Vibrate the essence behind the words and feel them fill your Head Center. Imagine the Sol cardinal (First Cardinal)'s power emanating from a blaringly bright, white crown and inserting itself into your center. Feel the white light transform into dark blood, pools of blood, unstoppable and endlessly growing.

Drown your brain in this blood.

As this is done, begin to bloodlet as ruthlessly as possible and chant the following while doing so:

DAAFENRIL-ASPERFER-KAEHOKO (66 Times)

Do not worry about the level of bloodletting, do it at your own pace as the chanting commences. Make sure there is enough blood to paint a piece of paper with a sigil for the next portion of the ritual. Also, forget about the number of times chanted, stop when it feels proper; let the Acausal energy flood your veins, your brain and your spirit (Sulphur).

Draw the Tempel ov Bernkastel major sigil in the blood on a large piece of paper, wood or other form.

Now stare into the sigil and meditate on it. Imagine the blood transforming into a silvery, liquid essence of Mercury, glowing with lines of its red elixir, and then transforming itself into fire that forcibly POSSESSES and HAUNTS your BRAIN.

Focus on the sigil for an hour. Allow the energy to guide your Acausal Sight towards unique experiences; that is, allow the images to **CHANGE** over-time in accordance with your personal Wyrd. If possible, begin to self-flagellate in some form (further bloodletting, or whipping of the self, punching of the self, etc) to heighten your connexion with the darker and apotheotic essences of the Dark Macrocosm.

Throughout the hour, allow the Acausal Energy to possess your hands and mind and create writings, drawings, etc of what it is that feels Natural (φύσις) to you. This will be extremely important for recollection of what has happened as you will likely lose complete memory of the event, while it also trains your Sinister Empathy simultaneously.
